School to School Support

At The Loyne Specialist School we understand that high quality training and access to appropriate resources allows staff to develop the skills that enable them to work with all pupils, especially those with additional needs and barriers to learning. We aim to provide schools with the support they need through staff training, advice on individual and groups of pupils and access to specialist resources.

Opportunities are available for staff to visit The Loyne Specialist School to see our provision whilst having an opportunity to liaise with a specialist practitioner regarding any support, advice or information that may be needed.

We have set out some areas detailed in this booklet in which we can offer support. However, this list is not exhaustive.

For further information about our services please visit our website at **https://loyneschool.org.uk/referral-form/**

Outreach

We can offer bespoke support and advice on a variety of topics and a range of diagnosed conditions and disabilities. Our specialist staff are also able to deliver a wide range of intervention groups within (for example), motor skills, social skills, communication and early writing. These are an excellent way to model specialist teaching strategies and upskill staff in your own setting.
