

Home Learning

1

Learning Map

At the beginning of every term we will send home your child's learning Map. You will see that we have written some home learning targets that we would really encourage you to work on with your child. These will be focus on something that you will have discussed with your child's class teacher.

2

Resources

We will send home any resources that are needed to support home learning. These may be visuals to support your child to understand what to do or strategies to help develop your child's communication and language.

3

Parental Portal

You will have access to the Parent Portal through our website and will given instructions on how to access this. Your child's class team will direct you to the videos and webinars that will be useful.

4

Feedback

We would love to hear how your child is doing with their 'Home Learning'. Class staff will regularly ask for an update. Please tell us what is working well (perhaps send in some photos!) but also let us know what isn't going well we will talk to you about what we can do to help.
